

## < Admissions Policy >

Based on the education beliefs of “Freedom, Peace and Humanism” , “International Mutual Understanding” and “Creating the future of Asia Pacific” , Ritsumeikan Asia Pacific University(APU) gathers diversified students from many countries and regions, and hopes to fulfill the mission of fostering future elites by the exchange of language and cultures. After completion of their studies, APU graduates should be equipped with intercultural communication abilities, and have an international horizon to adapt to changing values.

To fulfill this mission, APU has set its target to recruit domestic and international students who are aiming to be active leaders of the 21<sup>st</sup> century international society in the Asia Pacific region, and the following colleges are established with the purpose of developing future talents.

### College of Asia Pacific Studies

The College of Asia Pacific Studies(APS) was established for the understanding of the politics, economics, social and cultural issues of the Asia Pacific region, and for the purpose of developing students who will resolve the problem in the region through acquisition of basic and specialized knowledge in areas such as International Society, Environmental and Sustainable Development and Tourism. In addition, language proficiency, communication and problem-solving skills are enhanced to help contribute to the future development of the region upon graduation.

### College of International Management

The College of International Management(APM) was established for the understanding of the politics, economics, social and cultural issues of the Asia Pacific region. The college hopes to produce students with fundamental and professional knowledge in Business Management and other areas in business. With the learning of corporate strategy and planning, management and intercommunication skills, the graduates are expected to understand the diversified international business arena and contribute to the globalized corporate activities.

APU hopes to realize the above goals by recruiting students from all over the world.

## <Privacy Protection Policy>

The Ritsumeikan Trust (hereby the “School”) strictly obeys the rule and regulations in the handling of personal information of students and education research personnel. In addition, the School has established its own rules and system to protect all personal information of related individuals.

### 1. Usage of Personal Information

Personal information of all applicants (inclusive of guardians) of Ritsumeikan University/ Ritsumeikan Asia Pacific University is used for the process of enrollment after the release of results, and for tabulation of statistical analysis of the school information.

For successful applicants, personal information (about lodging, life-related information, etc) will be provided at the discretion of the respective universities for preparation of student life in the school.

For individuals who have completed the necessary enrollment procedures, the provided information will be used as student information.

### 2. Providing Personal Information
